FUTURE VENTURES

FUTURE VENTURES

GLOBAL WONDERS VENTURES

FUTURE VENTURES

FUTURE VENTURES

MAIN GOALS OF EACH PROJECT:

Protect & empower young women who have been sexually exploited or trafficked by giving them skills and Fair Trade paid work

Generate enough income to financially support project's budgets

Provide job shadowing & job training to young women involved in the Vancouver Project at product design level and once the items are shipped to the Canadian distribution centre

TO DATE:

- Train & employ young women in both Nepal & Vancouver Projects
- Imports approx. 4,000 pieces of product per year
- All participants in the Nepali project are paid equivalent to a skilled tradesperson in Nepal. In Canada, all participants are paid minimum wage when they begin to work

100% Net Revenue reinvested back into the work of the SA Foundation

It is our goal that revenue from Global Wonders and other SA Foundation related Social Enterprise Ventures will fully cover existing project's budgets in developing countries, allowing donations to cover the start-up of future SA Projects internationally.
